## Teacher Directions:

1. Print game boards on cardstock.
2. Laminate.
3. Add a 10 sided die (0=10) or a deck of cards (minus, J, Q, K and Joker).
4. Students roll a die or choose a card. Double the number.
5. Use two-sided counters or different colored counters as game markers to cover spaces.
6. Directions to play are printed on the game board.
7. Game is ready to play. Enjoy!
